Pattern Happy

Design Patterns "Case Study"

Pseuds Corner

- "Eric Gamma shared his joy in the order an beauty of software design as co-author of the classic Design Patterns"

- From the back cover of Contributing to Eclipse, Gamma & Beck, Adisson-Wesley 2003

AbstractFactory & Strategy

```java
public abstract class AbstractStrategyFactory
{
  public abstract MessageStrategy createStrategy(MessageBody mb);
}
```

```java
public interface MessageStrategy
{
  public void sendMessage();
}
```

Concrete Factory & Singleton

```java
public class DefaultFactory extends AbstractStrategyFactory
{
  private DefaultFactory()
  {
    ;
  }

  static DefaultFactory instance;

  public static AbstractStrategyFactory getInstance()
  {
    if (instance == null)
      instance = new DefaultFactory();
    return instance;
  }

  public MessageStrategy createStrategy(final MessageBody mb)
  {
    return new MessageStrategy()
    {
      MessageBody body = mb;

      public void sendMessage()
      {
        Object obj = body.getPayload();
        System.out.println((String) obj);
      }
    };
  }
}
```

5

Strategy Context

```java
public class MessageBody
{
  Object payload;

  public Object getPayload()
  {
    return payload;
  }

  public void configure(Object obj)
  {
    payload = obj;
  }

  public void send(MessageStrategy ms)
  {
    ms.sendMessage();
  }
}
```
HelloWorld!

```java
public class HelloWorld
{
  public static void main(String[] args)
  {
    MessageBody mb = new MessageBody();
    mb.configure("Hello World!");
    AbstractStrategyFactory asf = DefaultFactory.getInstance();
    MessageStrategy strategy = asf.createStrategy(mb);
    mb.send(strategy);
  }
}
```

HelloWorld?

```java
public class HelloWorld
{
  public static void main(String[] args)
  {
    System.out.println("Hello, world!");
  }
}
```
